Condition for SolvencyMonitor Domestic is the entry of at least 10 companies. Initial data entry at start should be in electronic form (e.g.: excel-sheet). Further companies can be added at any time.

We monitor each company for at least twelve months. After this period the monitored companies can be deleted at any time.

Monitoring is available for each Austrian company. We will notify you of any changes by E-Mail or on [www.ksv.at](http://www.ksv.at). Structured data delivery is also possible (e.g.: xml).

Monitoring is billed monthly.

SingleMonitor is available in combination with a report – simply click the button to order. This report must contain KSV1870 Rating and a maximum credit.

SingleMonitoring ends automatically after twelve months and is billed in advance for the full monitoring period. Refund, even partial, cannot be granted in case of premature termination in course of deletion or bankruptcy of the monitored company.

All prices in EUR exkl. 20% USt. Valid from January 1st, 2023.
