Prices for representing you in the current insolvency proceedings, prior to application of the member voucher.

Costs of representation are not determined by the financial outcome of insolvency proceedings. They are invoiced as a flat charge at the start of the proceedings. KSV1870 reserves the right to adjust rates in accordance with any increase in the consumer price index. Costs of representation excl. 20% VAT. Applicable since 1 November 2012.

*The KSV1870 SmartBonus is for corporate insolvencies in Austria and applies only to claims from deliveries and services, but not to loans of any kind (bonds, crowdfunding, etc.) It can be used only once per case. The amount of the claim is calculated by adding up all individual accounts that are outstanding against a debtor. Court fees will be charged. When it comes to personal bankruptcies, our member vouchers continue to be available to members as usual.

I will use my member voucher to file a claim (giving me a 50% discount on costs of representation or, in the event of personal insolvency, covering up to EUR 5,000 in representation and court fees.)
