Disclaimer

Note

Since 2020, the economy has faced ever-changing challenges. The consequences of the COVID 19 pandemic and the war in Ukraine are having a massive impact on the availability of goods, supply chains, energy costs and other factors. Therefore, a linear development of the economy cannot be assumed at present. Accordingly, Austrian companies have to hold their own in a very volatile environment.

The credit reports of KSV1870 are prepared with the greatest possible care and in consideration of economically relevant developments. However, KSV1870 recommends that KSV1870 information, including the KSV1870 rating, monitoring reports and recommendations, always be used for business decisions, taking into account the daily developments that we cannot determine in detail.

Data sources

The data is automatically processed on the day it becomes available; furthermore, information experts carries out research across Austria. On a case by case basis, the following sources are used as required.

Ongoing or automated processing:

- Company Register and business license data
- balance sheet data
- data collection data
- insolvency information
- report monitoring
- and lots more

Manual or ad-hoc processing:

- the company's self-disclosure
- reference information from suppliers and business partners
- bank information pursuant to sec. 38(2)(6)
- land register data
- and lots more
- etc.

WebRisk Indicator

The WebRisk Indicator measures IT security of a company's website but does not guarantee any specific assurance on an organisational level. This indicator is designed as a selection tool for CyberRisk Rating candidates within a given supplier base. It is recognised as a first step towards demonstration of compliance with the NIS act (NISG) and related regulations.

A blue WebRisk Indicator means that no signs of elevated IT security risks were identified within the assessment criteria listed below. A purple or red WebRisk Indicator means that one or multiple assessment criteria have not been met. In this case, an in-depth analysis of the company using a full-scale CyberRisk Rating is recommended.

Neither KSV1870 Information GmbH nor KSV1870 Nimbusec GmbH accept liability for IT security incidents and any damage that may occur as a result of entering into business relations with a company that has undergone an assessment.

	No rating	Excellent	Moderate	Infected
